Recommendation Letter for Spectrum Painting

I am pleased to be writing this letter of recommendation for Spectrum Painters.

Spectrum is well supervised and indeed professional in their undertakings. The values of the projects are very competitive to other companies, but the quality of workmanship far precedes any value. The Team of skilled painters are hard-working, and the Supervisor takes responsibility to ensure Safety is followed and all staff are respectful to the tenants in our building.

I have no hesitation in recommending their services.

Yours sincerely,

A W STAGG

Director
