TO WHOM IT MAY CONCERN

We would like to thank Jason and his team at Spectrum Professional Painting Contractors for the excellent work done painting our Complex. Your staff are pleasant and were always willing to accommodate the unit holders where possible. Their punctuality and neatness of workmanship is commendable. Being a complex, we can imagine that it is not always possible to accommodate everyone's time schedules but your advance notice and progress reports contributed to the satisfaction of the occupants of the units.

Thank you for a job well done.

Kind regards

Douglas Appleby
Chairman
