To whom it may concern,

RE: SPECTRUM PAINTERS

We acquired the services of Spectrum Painters in 2015 and since then they have attended to various painting projects at quite a few of our Body Corporates that we manage, the latest being Kataia

Jason and his team are always competent in their assessments making it easy for them to be recommended as a professional team.

Owners and trustees alike have been very happy with services offered by Spectrum Painters.

Yours sincerely

Juanita Nell
