**Hello Jason**

I would like to thank you and your staff for a pleasant painting experience.

I was apprehensive to say the least as it is so hard to find professional people nowadays.

Your painters were pleasant, obliging and cleaned up after themselves every day.

We were expecting the job to take 3 weeks but they worked smartly and finished in 1 week.

Thank you for a job well done and I would not hesitate to recommend your company.

**Sincerely,**

**Zelda Dickson**
