SPECTRUM PROFESSIONAL PAINTING CONTRACTORS

We recently had our block of flats painted by Spectrum Professional Painting Contractors and are confident to refer them to others.

Their quotation was extremely competitive and this was matched by the quality of their work. The job was carried out expeditiously and with minimum interruption to the daily life of residents.

There was a minimal snag list at completion of the job and the snags that we did have were attended to promptly. We were pleasantly surprised when Spectrum painted our garage doors at no extra cost, which we had asked them to quote on while doing the work and had not been included in their original quote.

We have received independent compliments on how good the building is looking and would be happy to refer Spectrum as a painting contractor.

Yours faithfully
