### Letter of Recommendation to Spectrum Painters

This letter confirms that Spectrum Painters was the contractor used to complete painting work at Makro which is a Building that we Manage.

We have worked with Jason & his team on and off for the last several years, they are always on time completing the work within the expected timeline. Once the job was approved the Team moved on site quickly, the workmanship of the painters was of a very high standard and the team was well supervised. Any issues or concerns that arose were resolved quickly.

We have no hesitation in recommending Spectrum Painting as a reliable and professional contractor and look forward to another project in the future.
