Letter of Recommendation to Spectrum Painters

This letter confirms that Spectrum Painters was the Contractor used to complete painting work at Lynmouth Body Corporate, which is one of the blocks that we administer.

We found the workmanship to be of a high standard and quality. The contract was carried out in a timeously manor and the Team of Painters that was on sight, they attended to their work with no complaints received from the residents in the blocks.

We look forward to future dealings with Spectrum and have no problem recommending them.

A job well done!

Thanking You

Clinton Felton
