

Our ref: *LWM001 - Spectrum*
24 July 2019

Dear Jason,

EXTERNAL REDECORATION OF THOROUGHTEC SIMULATION (PTY) LTD

On behalf of the entire management team of ThoroughTec Simulation I would like to express our satisfaction with the excellent work done at our commercial facility in Umhlanga Ridge, and with the final “product” delivered by Spectrum Professional Painting Contractors.

Spectrum provided us with professional service, quality workmanship, excellent advice, and completed the project within the expected time frame. We are also grateful to you for accommodating a scope change mid-project without any hesitation.

Andre, our site supervisor for the duration of the project, answered all our questions knowledgeably and professionally, his team was courteous and on site timeously every day.

I would highly recommend your team for any project of this type. I believe you run a well organised and effective company that will meet anyone’s requirements and expectations.

Best regards.

Jan Smuts
